

### **REMARKS**

Applicant hereby replies to the Advisory Action dated September 13, 2005 in the above-referenced patent application. In the Advisory Action, the Examiner maintained the rejections of claims in the Final Action of May 13, 2005 in which Claims 1, 3-20 were rejected, Claims 34-36 were allowed, and Claim 2 was deemed allowable if rewritten in independent form including limitations of base claim and any intervening claims.

In this Reply, Claims 2 and 16-20 have been cancelled. Further, Claims 21-33, which were previously withdrawn from consideration by the Examiner, have been cancelled. As such Claim 1, 3-15 and 34-36 remain in the patent application.

Claim 1 has been amended such that all limitations of allowable Claim 2 have been added into Claim 1, and Claim 2 has been cancelled (effectively Claim 2 has been re-written in independent form including limitations of base claim and any intervening claims). Therefore, Claims 1 and 3-15 are now allowable, and since Claims 34-36 were previously allowed, the patent application is now in condition for allowance.

### CONCLUSION

If necessary, the Commissioner is hereby authorized to charge payment or credit any overpayment to Deposit Account No. 01-1960 for any additional fees required in connection with this filing. A duplicate copy of this page is enclosed for this purpose.
